03	**Handled orifice plate — 304 SS, 0.375 in**	2	$335.59	$671.18

01 — Handled orifice plate — 316 SS, 0.250 in

Material	316 Stainless Steel
Thickness	0.250 in
Plate outside diameter	4.500 in
Bore diameter	1.375 in
Bore tolerance	± 0.002 in
Handle width	1.500 in
Handle length from bore center	10.000 in
Chamfer	0.040 in × 45°, downstream face
Handle marking	“FE-101 1.375 BORE 316”
Selected lead time	21 calendar days (est.)

02 — Handled orifice plate — Carbon Steel, 0.125 in

Material	Carbon Steel
Thickness	0.125 in
Plate outside diameter	3.000 in
Bore diameter	0.750 in
Bore tolerance	± 0.005 in
Handle width	1.500 in
Handle length from bore center	9.000 in
Chamfer	None
Handle marking	“RO-2207”
Selected lead time	21 calendar days (est.)

03 — Handled orifice plate — 304 SS, 0.375 in

Material	304 Stainless Steel
Thickness	0.375 in
Plate outside diameter	6.250 in
Bore diameter	2.500 in
Bore tolerance	± 0.001 in
Handle width	2.000 in
Handle length from bore center	12.000 in
Handle hole	Ø0.750 in, center 1.000 in from end
Chamfer	None
Selected lead time	14 calendar days (est.)

MOCKUP · SYNTHETIC SAMPLE DATA · NOT A VALID QUOTATION

SHIPPING PLANNING

Estimated total weight: 138.88 lb

Ships from the Ohio Valley. Carrier and service are selected at checkout; transit time is in addition to the manufacturing lead time.

Quoted subtotal	**$5,419.16**
Shipping	Selected at checkout
Sales tax	Calculated at checkout, if applicable
Amount due	Confirmed at checkout

HOW TO ORDER FROM THIS QUOTATION

1. Sign in at o-plates.com and open the configurator.
2. Enter each line exactly as specified on this quotation and add it to your cart.
3. Review the current price and lead time. The checkout amount governs.
4. Select shipping and pay through secure Stripe checkout.
5. Review and approve the confirmation drawing sent with your order. Manufacture follows approval.

QUOTATION TERMS

- This quotation may be referenced through Nov 21, 2026 (30 days).
- Prices and available lead times are revalidated at checkout and may change.
- Lead time is an estimated ship time, not a guaranteed delivery date. Drawing review and changes can affect timing.
- Plates are made to order to the specifications listed. Any change creates a new quote revision with its own number.
- This is a quotation only. It is not an order, an invoice or an approved manufacturing drawing.
